

Luxury Ecommerce Design

Create a React + Tailwind CSS beauty/skincare brand landing page called "STRETCH" with 3 sections. Use Vite, React 18, TypeScript, Tailwind CSS, and lucide-react for icons. The system font stack is used (no custom fonts loaded). The page has smooth scroll-triggered fade-in animations using IntersectionObserver, button hover lift animations, and full responsive design with a mobile hamburger menu.

SECTION 1: HERO (Full viewport height, split 50/50 on desktop, stacked on mobile)

Announcement Bar (absolute positioned, top of page, z-30):

- Background: `#F9F4F0`, text black
- Centered text: "free shipping for orders over 50€"
- ChevronLeft and ChevronRight icons (size 16) on each side
- Padding: `py-2.5` mobile, `py-3` desktop

Navigation (absolute positioned below announcement bar at `top-[38px]` mobile / `top-[42px]` desktop, z-30):

- Right:
 - French flag (3 colored divs: `bg-blue-700`, white, `bg-red-600` in a `w-6 h-4` container) + "eur €" text + ChevronDown — hidden on mobile
