

Logoisum Video Agency Hero

Build a premium, high-end hero section for a video editing agency named 'Logoisum' with the following specifications:

Background: Implement a full-screen, looping video background using this URL: https://d8j0ntlcm91z4.cloudfront.net/user_38xzZboKViGWJOttwIXH07IWA1P/hf_20260228_065522_522e2295-ba22-457e-8fdb-fbcd68109c73.mp4. The video must be muted, autoplaying, and set to object-cover to fill the section without any color overlays.

Navigation Bar: A floating white navigation bar with rounded-[16px] and a subtle shadow.

Left: The agency logo.

Center: A menu with links for 'About', 'Works', 'Services', and 'Testimonial' using 14px Barlow Medium font.

Right: A dark (#222) primary CTA button labeled 'Book A Free Meeting' featuring a unique 45-degree arrow icon in a circular housing.

Typography & Hero Content:

Primary Headline: Centered layout. The first line 'Agency that makes your' should use a bold/medium Barlow font with tight tracking (tracking-[-4px]). The second line 'videos & reels viral' must use a large, elegant 'Instrument Serif' italic font (text-[84px]).

Subtext: Below the headline, add the text 'Short-form video editing for Influencers, Creators and Brands' in Barlow Medium, 18px, centered.

Secondary CTA: A large white pill-shaped button below the subtext labeled 'See Our Workreel' with a small play icon on the left.

Overall Aesthetic: The design should be minimal, ultra-modern, and responsive. Ensure all text and buttons are layered on top of the video background with clear visibility and proper spacing (min-h-[90vh]).
