## Icons (from `lucide-react`)

Used via the `<Menu>`, `<X>`, and `<ArrowRight>` components. These are imported from the `lucide-react` npm package — the SVG path data is not inlined in this codebase; it ships inside the package. The three icons are rendered with:

- `<Menu size={20} color="white" strokeWidth={1.5} />`
- `<X size={20} color="white" strokeWidth={1.5} />`
- `<ArrowRight size={15} />` (hero button) and `<ArrowRight size={14} />` (mobile menu links)

## Dependencies (`package.json`)

代码块

```
1 {
2   "dependencies": {
3     "@supabase/supabase-js": "^2.57.4",
4     "lucide-react": "^0.344.0",
5     "react": "^18.3.1",
6     "react-dom": "^18.3.1"
7   }
8 }
```

## Animation values (all CSS, no Framer Motion)

**Hamburger icon crossfade** — `duration: 0.3s`, `ease: cubic-bezier(0.23,1,0.32,1)`; Menu icon `opacity 1→0`, `transform rotate(0deg) scale(1) → rotate(-90deg) scale(0.5)`; X icon inverse.

**Mobile menu backdrop** — `duration: 0.5s`; `backdropFilter blur(0px) → blur(12px)`; `background rgba(0,0,0,0) → rgba(0,0,0,0.6)`.

**Mobile menu panel** — `max-height: 0px → 420px`, `duration: 0.5s`, `ease: cubic-bezier(0.23, 1, 0.32, 1)`.

**Mobile menu link stagger** — each item `duration: 0.4s`, `ease: cubic-bezier(0.23,1,0.32,1)`, `delay: i * 50 + 80ms` (80, 130, 180, 230, 280); `opacity 0 → 1`, `transform translateY(-8px) → translateY(0)`.

**Mobile menu CTA** — `duration: 0.4s`, `ease: cubic-bezier(0.23,1,0.32,1)`, `delay: 360ms`.

**Hero button arrow** — hover `translate-x-0.5`, `duration: 0.2s`.

No Supabase persistence is used on this marketing section — it's presentational only, and nothing on this hero is user-specific or stateful across sessions.
