

Portfolio Cosmic

Prompt to recreate this landing page:

Build a single-page dark portfolio landing page using React + Vite + Tailwind CSS + TypeScript + GSAP + Framer Motion + hls.js.

Global Design System

Fonts

Google Fonts import: Inter (300–700) and Instrument Serif (italic, 400).

- --font-body: 'Inter', sans-serif → Tailwind font-body
- --font-display: 'Instrument Serif', serif → Tailwind font-display

CSS Custom Properties (HSL, no hsl() wrapper — Tailwind adds it)

```
--bg: 0 0% 4%;  
--surface: 0 0% 8%;  
--text: 0 0% 96%;  
--muted: 0 0% 53%;  
--stroke: 0 0% 12%;  
--accent: 0 0% 96%;
```

Tailwind Custom Colors

```
bg: "hsl(var(--bg))",  
surface: "hsl(var(--surface))",
```

```
"text-primary": "hsl(var(--text))",  
muted: "hsl(var(--muted))",  
stroke: "hsl(var(--stroke))",
```

Accent Gradient

linear-gradient(90deg, #89AACC 0%, #4E85BF 100%) — used on logo ring, hover borders, progress bars. CSS utility class .accent-gradient.

Custom Animations (in index.css)

- @keyframes scroll-down — translateY(-100%) → translateY(200%), 1.5s ease-in-out infinite
- @keyframes role-fade-in — opacity 0 + translateY(8px) → opacity 1 + translateY(0), 0.4s ease-out
- @keyframes gradient-shift — background-position 0% 50% → 100% 50% → 0% 50%, 6s ease infinite (for animated gradient borders)

Forced dark theme — no light mode toggle. body gets bg-bg text-text-primary.

Page Structure (Index.tsx)

```
{isLoading && <LoadingScreen onComplete={() => setIsLoading(false)} />}
```

Section 1: Loading Screen

Full-screen overlay (fixed inset-0 z-[9999] bg-bg). Uses requestAnimationFrame counter from 000→100 over 2700ms.

- Top-left: "Portfolio" label — text-xs text-muted uppercase tracking-[0.3em]. Animates y:-20→0, opacity 0→1.
 - Center: Rotating words ["Design", "Create", "Inspire"] cycling every 900ms. AnimatePresence mode="wait" with y:20→0→-20 transitions. text-4xl md:text-6xl lg:text-7xl font-display italic text-text-primary/80.
 - Bottom-right: Counter display — text-6xl md:text-8xl lg:text-9xl font-display text-text-primary tabular-nums. Shows String(count).padStart(3, "0").
 - Bottom progress bar: h-[3px] bg-stroke/50, inner div with .accent-gradient, scaleX(count/100) transform, box-shadow: 0 0 8px rgba(137, 170, 204, 0.35).
 - On complete (count reaches 100): 400ms delay then calls onComplete.
-

Section 2: Hero

Full-viewport section with background HLS video and centered content.

Background Video

- HLS source:
<https://stream.mux.com/Aa02T7oM1wH5Mk5EEVDYhbZ1ChcdhRsS2m1NYyx4Ua1g.m3u8>
- Uses hls.js — if Hls.isSupported(), create HLS instance; else if native HLS support, set video.src directly.
- Video: autoPlay muted loop playsInline, absolutely positioned and centered with min-w-full min-h-full object-cover -translate-x-1/2 -translate-y-1/2.
- Dark overlay: bg-black/20
- Bottom fade: h-48 bg-gradient-to-t from-bg to-transparent

Navbar (fixed, floats at top center)

fixed top-0 left-0 right-0 z-50 flex justify-center pt-4 md:pt-6 px-4.

Inner pill: inline-flex items-center rounded-full backdrop-blur-md border border-white/10 bg-surface px-2 py-2. Gets shadow-md shadow-black/10 when scrollY > 100.

Contents (left to right):

1. Logo: 9×9 circle with accent gradient border (reverses direction on hover). Inner bg-bg circle with "JA" in font-display italic text-[13px]. Scales 110% on hover.
2. Divider: w-px h-5 bg-stroke mx-1 (hidden on mobile)
3. Nav links: ["Home", "Work", "Resume"] — text-xs sm:text-sm rounded-full px-3 sm:px-4 py-1.5 sm:py-2. Active: text-text-primary bg-stroke/50. Inactive: text-muted hover:text-text-primary hover:bg-stroke/50.
4. Divider
5. "Say hi" button: Same size as nav links. On hover, shows accent gradient border behind (using absolute span with inset: -2px). Inner content wrapped in bg-surface rounded-full backdrop-blur-md. Includes "↗" arrow.

Hero Content (centered, z-10)

- Eyebrow: text-xs text-muted uppercase tracking-[0.3em] mb-8 — "COLLECTION '26". Class blur-in.
- Name: text-6xl md:text-8xl lg:text-9xl font-display italic leading-[0.9] tracking-tight text-text-primary mb-6 — "Michael Smith". Class name-reveal.
- Role line: "A {role} lives in Chicago." — roles cycle every 2s through ["Creative", "Fullstack", "Founder", "Scholar"]. Role word uses font-display italic text-text-primary animate-role-fade-in inline-block with key={roleIndex} for re-triggering animation.
- Description: text-sm md:text-base text-muted max-w-md mb-12 — "Designing seamless digital interactions by focusing on the unique nuances which bring systems to life."
- CTA Buttons (inline-flex gap-4):
 - "See Works": Solid button. Default: bg-text-primary text-bg. Hover: bg-bg text-text-primary with accent gradient border ring.
