

Mindloop Landing

Build a dark monochrome landing page called Mindloop — a newsletter/content platform. Use React + Vite + TypeScript + Tailwind CSS + shadcn/ui + Framer Motion. Fonts: Inter (sans) and Instrument Serif (serif, used for italic accent words). The entire theme is pure black (#000) background with white foreground — no colors or gradients beyond monochrome. Install hls.js and framer-motion.

Design System (index.css)

All CSS variables in HSL (no hsl() wrapper in the variable, just the values):

```
--background: 0 0% 0%
--foreground: 0 0% 100%
--card: 0 0% 5%
--card-foreground: 0 0% 100%
--primary: 0 0% 100%
--primary-foreground: 0 0% 0%
--secondary: 0 0% 12%
--secondary-foreground: 0 0% 85%
--muted: 0 0% 15%
--muted-foreground: 0 0% 65%
--accent: 170 15% 45%
--accent-foreground: 0 0% 100%
--border: 0 0% 20%
--input: 0 0% 18%
--ring: 0 0% 40%
--hero-subtitle: 210 17% 95%
```

Liquid Glass Effect (global CSS class .liquid-glass)

```
.liquid-glass {
```

```

background: rgba(255, 255, 255, 0.01);
background-blend-mode: luminosity;
backdrop-filter: blur(4px);
-webkit-backdrop-filter: blur(4px);
border: none;
box-shadow: inset 0 1px 1px rgba(255, 255, 255, 0.1);
position: relative;
overflow: hidden;
}
.liquid-glass::before {
  content: '';
  position: absolute;
  inset: 0;
  border-radius: inherit;
  padding: 1.4px;
  background: linear-gradient(180deg,
    rgba(255,255,255,0.45) 0%, rgba(255,255,255,0.15) 20%,
    rgba(255,255,255,0) 40%, rgba(255,255,255,0) 60%,
    rgba(255,255,255,0.15) 80%, rgba(255,255,255,0.45) 100%);
  -webkit-mask: linear-gradient(#fff 0 0) content-box, linear-gradient(#fff 0 0);
  -webkit-mask-composite: xor;
  mask-composite: exclude;
  pointer-events: none;
}

```

Animation Pattern

All sections use a reusable fadeUp helper with staggered delays:

```

const fadeUp = (delay: number) => ({
  initial: { opacity: 0, y: 20 },
  whileInView: { opacity: 1, y: 0 },
  viewport: { once: true, margin: "-100px" },

```

```
transition: { duration: 0.6, delay, ease: "easeOut" },
});
```
