

ClearInvoice SaaS Hero

Create a high-fidelity, dark-mode Hero section for a SaaS product called "ClearInvoice" using React and Tailwind CSS.

Tech Stack:

Framework: React (Vite)

Styling: Tailwind CSS

Animation: motion/react (Framer Motion)

Icons: lucide-react

Video: Native HTML5 <video> with hls.js for streaming (Do NOT use react-player).

1. Background Video (Crucial):

Source: <https://stream.mux.com/hUT6X11m1Vkw1QMxPOLgl761x2cfpi9bHFbi5cNg4014.m3u8>

Behavior: Autoplay, Loop, Muted, PlaysInline.

Opacity: 100% (No dark overlay).

Implementation: Create a memoized BackgroundVideo component using hls.js to handle the .m3u8 stream natively. Ensure it cleans up properly on unmount to prevent "AbortError".

Z-Index: It must sit behind all content (-z-10).

2. Layout & Styling:

Font Family:

Headings: "Switzer" (Medium weight, tight tracking).

Body: "Geist" (Clean, legible).

Top Bar: A 5px high gradient bar at the very top: from-[#ccf] via-[#e7d04c] to-[#31fb78].

Navbar:

Logo on left.

Links (Features, Pricing, Reviews) centered.

Auth buttons (Sign In, Sign Up) on right.

Mobile: Hamburger menu that opens a full-width dropdown.

3. Hero Content:

Headline: "Manage your online store while save 3x operating cost" (Large text: text-6xl, tight leading).

Subhead: "ClearInvoice takes the hassle out of billing with easy-to-use tools." (White/90).

Animations: Use motion/react to stagger the entrance of the Text, Buttons, and Social Proof (Fade Up + Slide).

4. Button Styles (Exact Recreation):

Primary Button:

Background: Gradient from-[#FF3300] to-[#EE7926].

Glow: An absolute positioned div behind the button with bg-orange-600 blur-lg opacity-20.

Inner Stroke: A 1.5px border overlay (border-white/20) inside the button for a "glassy" edge.

Hover: scale: 1.05, glow increases to opacity-60, and an Arrow icon slides in from the left.

Secondary Button:

Background: bg-white/90 backdrop blur.

Inner Stroke: 1.5px border (border-black/5).

Hover: scale: 1.05, background becomes solid white.

5. Social Proof:

Row of 3 user avatars (overlapping borders).

Text: "Trusted by 210k+ stores worldwide".
